1. I have given you this day and you shall see Me like you have never seen Me, for I come in creativity, I come in conflict, and I come in resolution not, not always, for I divide, I truth, and truth divides and conquers only by love, My love, and My love for My receivers and rejecters. I truth My who will let Me. I come and call and present My truths whom many will find hard to swallow and choke they will, because they've never had meat and -- meatless being, don't know what meat is.
2. My meatless ones are not vegetarians as you think of them. They are pablum'd ones who only have started, started to begin and prolong the beginning process for years, and often years and years, and often never climbing out of the underpants of a child, and experiencing My delicacies of royalty instead of on trays of baby food.
3. I start each one so softly.
4. I am meek.
5. I am tender.
6. I love you and I love them and I come and call and conquer and say that I am and I say that you are I Am, for all I have I have given you: even planets in space, and how to hang them, and protect and produce and yield crops of only Me, and harvest them in Me. I love you.
7. Think it not strange how now I come and laugh with you about things that concerned you so greatly, deeply, intensely, disturbingly, in the past. Even as last night we laughed.
8. We laugh more together as I do what I am to do and you do what you let Me do, and we laugh and enjoy each other in such freedom and joy. I love you. I give you Me. I strengthen your laughter today. I let you see laughter, Me, Me in laughter and laughter in Me and appreciate things, people, nuances, differences and things about them that defied your peace in the past. I let you see them today and forevermore and enjoy them, enjoy the cataclysmic differences and how to deal with cataclysmia.
9. I love you. I smile. I laugh. I laugh with you today as even you, you Ted, laugh and worship and try to please Me and release Me in the fullness that I am.
10. I hung the stars in space. All planets bear My name and mark and not of another they are.
11. I create and I teach you to create, this day, ever more so, hanging planets in space, space of only Me.
12. I am space.
13. I am time.
14. I am joy.

15. I am laughter.
16. I shine.
17. I am the Son.
18. I am the Father.
19. You are Me, My children, My loins.
20. I love you and I laugh at the forces which contain you they would, if they could, defying the laughter I now laugh with you in, through conflict and coordinates of not-Me you traverse—taking Mine and maturing and handing them to Me.
21. I love you, My traversed, I love you.
22. Handing you My hand I am more and more for ever closer we draw—one already.
23. I know you.
24. I know you.
25. Thank you for letting Me know your every part, thought, member, membrane—and giving Me your all—all even more than you know; yieldedship of only Me. Thank you.
26. I worship in you as you worship in Me and bring laughter to My body with seriousness little—yea, even in matters serious: grave for some, most, as decisions they now make about the meat I bring them in you, through you and through your disciples which are Mine and only Mine and not yours at all. I love you.
27. Thank you for presenters making and platforms building for My Mine who come for meat and meat make and meat serve to each other and return and serve My Me, My meat, to My body, all over, over all, in no limits, defying the thought-all solutions of man and science. I am Me and there is no other. And I bless you today with meat more, confirmation of only Me and laughter delirious. I love you.
28. Healing all I am in your path, watch Me.
**29. Watch Me heal the emotions of My people and laughter give them for sorrow.**
30. **What an exchange I make: their sorrow for My laughter.** My confidence for their beautylessness. My beauty for their ashes. My comforter come inside them, in the fullness of Me. I love you.
31. Laugh and smile in every conversation, please, in every conflict trying to arise, emerge, laugh and let Me laugh and show My love and meekness, joy explosions of only Me. I love you and I give you Me. Explode in joy.
32. Explode in joy and laughter and enjoy every moment with Me, for I explode you in continents where you cry and laugh simultaneously—as Me, with Me, for Me, and enjoy emotioning My troops emaciated, who now you bring milk and meat, and bread and wine, and teach and transform the weak and dying into nation-makers of only Me. Thank you for going, speaking Me, and being Me, Me-ing My creation—with Meons of only Me—protons, electrons, and neutrons not withstanding Me. I love you.
33. See what I have said this day in your worship central, My worship central, so singular and small, yet covering My world now, and soon, with messages of Me, My words, My Second Coming come and now is, in My people, now being meat'd by My meat carvers, meat servers, servants of only Me, making of themselves no reputation whatsoever; nameless faceless ones who seek My approval not, but My presence,

**knowing My approval, they are submitted-surrendered-drink-offerings before Me,** walking in the fullness of the Priesthood of All Believers in the Order of Melchizedek as I designed, desired, and develop now in fullness—diet of only Me and what I bring, what I have brought, and now take through you and My University'd ones throughout My world, My Congo, My River Euphrates and Nile never withstanding--I love you and give you Me— Now every nation, every ocean, My ocean, My nations you cover and globalize in Me and the leadership of Me, in Me, of Me, through Me, to you, through you, to them, through them to each other: My royal priesthood real, My priesthood royal, My priesthood royal, a holy nation, a royal priesthood arising into the fullness of Me.

34. Thank you My receivers.
35. And ponderers and wonderers, wait not to receive My fullness. I love you.
36. I explode you this day—My joy, My laughter, My kingship of only Me for all My lowly-thought, who will, who elect Me. Savior, King of Kings, Lord of Lords, Ruler of all, and Creator I am. Thank you. I love you.
37. Go and glow and glean in the conflicts which come but bring laughter and stability in Me, even more so knowing My fullness, My meat, My revelation of completely who I am: you—in fullness.
38. I thank you. I thank you. I thank you.
39. See Me enjoy our laugher together.
40. Thank you.
41. Thank you.
42. Thank you.
43. Smile.
44. Smile.
45. Laugh.
46. Smile—
